Gallium Nitride E-Class Power Amplifier

Colorado State University EE Days Spring 2013

Team Members:
Adam Woodward, CSU EE Senior
Ph.D. Don Van Zyl, AE
Jose Medina, AE

Advisor:
Ph.D. Fernando Tomasel

Design Software:
NL5 (Circuit Modeling)
PCAD 2004 (Schematic)
PCAD 2004 (PCB Layout)
MatLab R2012b
Excel

Figure 1: Theoretical on-resistance vs blocking voltage capability for silicon, silicon carbide, and gallium nitride [10]
